ARIZONA KICKER
 PUBLISHED WEEKDAYS.
 Tombstone, Cochise County, Arizona.

ENTERED IN THE POST OFFICE AS SECOND-CLASS MATTER.
 OCTOBER 3, 1904.

R. C. Kittellwell is still on the sick list.

John Lyall is a visitor to the county seat from the valley.

No western mail arrived today owing to a wash out near Tucson.

E. J. Jackson the popular Sulphur Valley cattleman is in town today after supplies.

John Noble was over from Bisbee yesterday and circulated among his many Tombstone friends. He left last evening for Tucson.

Articles of Incorporation of the Alabama Mining Co. have been filed with the recorder. The mines are located in the Dragoons.

Tomorrow in Justice Duncan's court will commence a notable cattle case which will be of much interest to the cattlemen of the Babacomari, and a large delegation of cattlemen will be in town.

The Arizona Copper company's old concentrator at Clifton was destroyed by fire a week ago the other night. By energetic work on the part of employees the store and valuable smelting plant were saved. The Bulletin says the loss is estimated at \$25,000.

Recorder Brown will act as Clerk of the Board and attend to its duties himself since his deputy, W. A. Harwood, has been appointed Assessor. Mr. Brown is a most painstaking and efficient official, and it is needless to say will give the utmost satisfaction.

It is believed that the Miguelta group of mines in Sonora, under bond to ex-Gov. Thornton of New Mexico and associates, will be taken at expiration of bond by the final payment of \$150,000. This is said to be one of the richest properties in Sonora.

A prospector arrived in town today from the mountains and exhibited some fine specimens of gold rock. He believes he has struck a Klondike, and left this afternoon with a load of supplies and tools to commence work immediately. We hope he will strike a veritable mint.

The Orb states that Chas. Bacigalupi, the former Tombstone butcher and Joe Sutherland of Pearce, who went to the Yaqui gold fields some months ago, write back they are doing very well. They have located several claims on the creek and are panning out enough gold to pay them good wages.

There is much excitement in mining circles in northern Mexico over a rich discovery just made in the State of Coahuila, eighteen miles from the town of Salome Botello. The ore assays from \$200 to \$500 per ton. Prospectors are rushing to the new district in large numbers. This is the first gold discovery made in that part of Mexico.

Several ranchers in the valley who know the men arrested in this county by the W. F. & Co. posse as being the Stein's Pass robbers state that it is their belief the authorities have secured the wrong men. The matter will soon be settled, as the trial of the suspected men will take place in the District Court of Grant county, N. M., in a short time.

A recent arrival from the Big Bug neighborhood in the northern part of the Territory says that the onyx works at that place have closed down, throwing thirty men out of employment. The shut down was caused by a disagreement among the managers as to whether the onyx should be shipped east for finishing or have the work done at Big Bug.

The calendars this year are remarkable for their attractiveness of design and beauty of coloring, especially the latter. In most of the color calendars one cannot help notice what marvelous improvement has been made in lithography work. The many calendars are ornamented with steel engravings at a considerable cost, and evidently a deal of decorative talent has been turned in this direction. There has been a great rush for calendars from the different business houses, and some fine collections have been made.

Assessor W. A. Harwood returned this morning from Phoenix where he has been in attendance at the Miners' convention and Assessors' conference. He reports that he was well received at the Capital city, especially by former residents of Tombstone who are now dwellers of the city by the Salt.

In the case of M. digovich vs. Waters today in Justice Duncan's court judgment was given in favor of defendant. The case was the outcome of a misunderstanding regarding lease on property rented by Mr. Waters of Mr. Medigovich, and a settlement was had in court.

Marvelous Effects

System Broken Down and Hope Almost Abandoned—Health Restored by Hood's Sarsaparilla.

"For fifteen years I have suffered with catarrh and indigestion and my whole system was broken down. I had almost abandoned any hope of recovery. I purchased six bottles of Hood's Sarsaparilla and its effects have been marvelous. It has made me feel like a new man. I am able to sleep well, have a good appetite, and I have gained several pounds in weight." JAMES WILDER, Oroville, Wash.
 "I had a scrofula swelling on one side of my neck and ulcerated sores in my nostrils, caused by catarrh. I also had small, itching sores on my limbs. I bought three bottles of Hood's Sarsaparilla and began taking it and the sores soon healed. My blood is purified, and the scrofula has disappeared." O. D. McMANUS, Mission, Washington.
